- ✓ mentor church members from migrant backgrounds
- ✓ discipleship
- ✓ potentially give German lessons
- ✓ eventually mentoring of new workers/missionaries from overseas

Qualifications required:

- ✓ some German ability; Arabic or Persian welcome
- ✓ intercultural experience
- ✓ spiritual maturity and church experience
- ✓ relationship oriented
- ✓ initiative
- ✓ financially independent.

Situation:

Köln-Holweide is a suburb of Köln with a population of 21,252 (Dec. 2015) and is growing. There have been many building projects in the area so that more people can settle here. A large temporary refugee reception center has now been emptied and the refugees resettled.

The Protestant Free Church is a church planting project with a team of Elders and Pastor Manfred Rath and his wife Olga. 60% of the members are from a migrant background. Defining points are that they love Jesus, believe the Bible is God's word, value fellowship, extend a welcome to all. They have evangelism at heart, wanting to reach out to all social groups, especially Muslims. Church services are in German with translation into different languages

Specific language home groups meet, but for a limited duration as the goal is to have everyone together
