Situation:

Gelsenkirchen is one of the poorest cities in Germany. The poverty in the southern part of the city where we are located is especially pronounced. However, the cost of living is low and there are beautiful parks and a nice pedestrian shopping district. Gelsenkirchen is an international city with immigrants from many lands. We enjoy living here and growing together in Jesus. We are young church plant striving to reach the city for Jesus. Our launch worship service was in May of 2016. The cultural diversity of the city is reflected in our congregation. We want to be a church for the Gelsenkirchen and show the people of the city the love of God through words and deeds. That's why we are involved in various social ministries. We reach people from Syria, Afghanistan, Iran, Egypt, Russia, Turkey, Eritrea and Romania. Our leadership team is international. The Noche family is from Peru. The Ingrams are from the USA and the Herhaus family is from Germany and Afghanistan. Heinz Noche and Van Ingram are the elders. We have teams which are responsible for various areas of ministry. Members of the leadership team oversee these various ministry areas.
