### Situation:

**Heidelberg**—home to around 150,000 people. Appreciated for its beauty and idyllic setting on the river Neckar. A university city made up of 15 distinct neighborhoods, particularly attractive to families, students, those in the creative industries, business people, academics and researchers.

**MosaikHD:** a new church, started in Heidelberg in 2004. "We love simplicity and relevance, people and God." From the beginning, "Love the Lord your God and your neighbor as yourself" has been at the center of all they do and are — "our vibe". "Mosaic fits us perfectly as a name - many small parts that are broken, have sharp edges and reflect the light. Together a new image with its own beauty is created."

They are active meeting people in need, involved in refugee work and organizing events that focus on social justice. They have weekly services and a monthly "oriental" service with translation to a number of languages.
